Dear Mr. Ziva Sternhell,

Thank you for sharing with me information about Jerusalem's cable car project.

From my perspective, I agree with you that this plan will completely change the skyline, landscape and nature of the space around the wonderful Old City.

In my opinion a project of this nature requires a maximum consensus of all stakeholders that may be affected by it and principally all institutions responsible for the conservation of the historic, artistic and natural patrimony of such a beautiful city as Jerusalem, which I was fortunate enough to know closely during my work for the project of the Light Rail Train Bridge.

I fully sustain your petition against the cable car, with my name as Dr. H.C. / Dr. SC. Techn. Santiago Calatrava.

Yours Faithfully,

Santiago Calatrava
